

MINIMUM REQUIREMENTS FOR GAS INSTALLATIONS

CODE OF GOOD PRACTICE BASED ON NBN D 51-003

1. Introduction :

These rules apply to the Brussels Exhibition Centre

2. Construction of the installation :

- ❖ at the beginning of each installation a main valve must be provided (labelled AGB/BGV) which must remain accessible at all times and which must be followed by a T,
- ❖ the pipes are made of steel, copper or metal hose with welded connections;
- ❖ the pipes must be firmly fixed and be visible over their whole length;
- ❖ each appliance must be fitted with a main shut-off valve, which must remain accessible at all times;
- ❖ the appliances must be placed in open spaces, or if not, high and low ventilation of at least 150 cm² must be provided.

3. Piping Connections :

- copper
 - mechanical connection with constriction for natural gas (with elongated connection - metal on metal);
 - weld with melting point > 450°C
- steel
 - threaded ;
 - sealed with acrylic fibres with paste.
 - natural fibres (hemp, etc.), teflon are **FORBIDDEN**.
 - welds.
- metal hoses
 - connections (as sealant: see steel)
- flexible piping: **FORBIDDEN!**

4. Extraction of burned gases :

- extraction outlet at least 1 metre from combustible materials and not in confined spaces.

5. Connections of appliances :

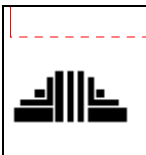

- as in point 3 or flexible piping designed for gas with collars fixed to the connections;
- maximum length: 2 metres.

6. Propane/butane :

- bottles always installed outside;
- pipes always visible, so never in ducts or similar.

7. Appliances :

- always with CE mark (European directive 90/396/CE)
- this point does not apply to prototype appliances exhibited by the manufacturer of the appliance.

YOUR PURCHASE ORDER NUMBER TO MENTION ON OUR INVOICE:		

The above exhibitor is applying for connection(s) to the natural gas distribution network and additional branches from the main entry point for the period of the above exhibition.

Code	DESCRIPTION OF CONNECTION	PREFER.	STANDARD
2	Construction of connection + approval of the single installation by a registered body + fixed rate consumption (1 single appliance per principal connection) – Installation 3/4"	260,28 €	312,34 €
3	Construction of connection + approval of the single installation by a registered body + fixed rate consumption (1 single appliance per principal connection) – Installation 1"	286,17 €	343,40 €
4	Approval by a registered body of additional appliances (excl.branching) connected to the principal organisation by a registered body + fixed rate consumption	64,37 €	77,24 €

Price excl. VAT (21%) Example: 5 appliances on 1 connection point = 1 x 286,17 € + 4 x 64,37 € excl. VAT

Late requests will only be carried out if equipment and installation conditions are available.

Any fraud (undeclared appliance branched off the network) will incur a fine of 500 €, and the exhibitor will be obliged to regularise its situation according to the above tariffs.

The exhibitor's installation must be made with good care by the exhibitor. All appliances for use must be connected by rigid pipes, according to the current standards NBN D 51/003 & 51/004. Connection to the PEB network must be carried out via a general valve, followed directly by a T with one plug

In view of the exceptional nature of this installation and the purpose for which it will be used, the exhibitor expressly discharges Parc des Expositions de Bruxelles A.S.B.L. of all responsibility in the event of an accident which may occur.

Methods of payment : by Bank Transfer / by Cheque / with Credit Card	
CREDIT CARD No: <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> - <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> - <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> - <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/>	EXP. DATE <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/>
Verification code Visa/Mastercard: <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/>	(3 last digit code on the back of the card)
Verification code American Express: <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/>	(4 digit code above your card number)
TOTAL OF YOUR ORDER : €+ VAT (21 %) = TOTAL AMOUNT : €	
NAME OF CARD HOLDER : SIGNATURE :	

I attach herewith a directional and dimensioned plan for the entry of the connection(s), and a description of the appliance connected to the principal installation (completed by a descriptive list of the additional appliances if these are to be connected to the principal branch) – Please number all the appliances on the plan and in the descriptive list

IMPORTANT NOTE : The person (firm) which has signed this document undertakes to be liable to pay for this service in the event of a dispute by the company whose name is mentioned in the "Invoice address" box.
